Saturday, June 3, 2017

Oakley, KS

It is our mission to make those we encounter feel valued and those we serve feel well cared for and deeply cared about.

The mission of the Logan County Healthcare Foundation, Inc is to enhance health care services in Logan County and the surrounding area; assist in recruitment of medical professionals; provide scholarships to students in accredited medical programs; update technology and equipment and develop long term care alternatives. Since it was created in 1993 the Logan County Healthcare Foundation has given over \$1.6 million back to the community in health related equipment, services and scholarships to medical personnel who agree to work in Logan County in the health care profession.
